Commissioner Tynalin Smiley earns FAC Advanced County Commissioner Designation

--Florida Association of Counties graduates Smiley from secondary certification program--

HILLSBOROUGH COUNTY, FL –The Florida Association of Counties (FAC) presented Gulf County Commissioner Tynalin Smiley with the Advanced County Commissioner (ACC) designation following his completion of a comprehensive study program developed by the association. Commissioner Smiley received the designation along with 13 other county commissioners during an awards ceremony held at the FAC Annual Conference in Hillsborough County, FL.

“All of these courses required to complete this certification were worth the time and effort to complete. The knowledge received on how effective government operates, can assist new commissioners in their career”, said Commissioner Smiley.

Launched by FAC in 2006, the Advanced County Commissioner (ACC) education program, "The Florida Forum for County Leaders," is an advanced leadership program designed for graduates of the Certified County Commissioners (CCC) program. This year, the program has been held in Alachua County and saw 14 commissioners graduate in June with a total of 132 graduating since the inception of the program in 2006.

“This certification allows our citizen electorate to become experts in county government improving their communities,” said FAC Executive Director Chris Holley. “Through FAC’s education programs we are able to teach commissioners how to advance their policies through the complexities of government bureaucracies.”

The ACC program is organized as a series of three seminars, with 27 hours of course work. The course content focuses on leading within Florida’s counties. Participating Commissioners must commit to fully participate in all three seminars in order to graduate. Seminars include: Leadership in these Turbulent and Transformative Times; Leading Your Communities During Turbulent Times; and, Understanding and Working with Stakeholders and County Makers. The University of Florida/IFAS Extension has sponsored this program for the last five years in Alachua County.
